Analysis The Game Neil Strauss

The profit & loss of a certain company is determined by finance professionals through accounting. They can determine what created the profits as well as the losses. Accountants form some sort of business equation so justify the profits & losses of a business. By doing so, they can easily tell a company's net worth.

It seems that by simply starting to define one accounting term, it eventually leads to defining other terms as well. Net worth is another term that is quite difficult to understand. It refers to the resulting amount after deducting the liabilities of a company from the assets. Private companies refer to net worth as owner's equity.

Why owner's equity? Well, after deducting all the liabilities, what's left basically belongs to the owner. In the case of public companies, the profit of the business is returned as dividends to shareholders. As you can see, before owner or shareholders of a company can take hold of the profits, all liabilities must be deducted first.

Happiness The Game Neil Strauss...For individuals in same sex partnerships who wish to have children, adoption is one a few options. The legality of same sex adoption, however, can often be ambiguous, obscure, or just plain confusing as it varies from state to state in the U.S. and across countries around the world.

One form of same sex adoption is called "second parent adoption," in which one partner can adopt the biological or adoptive child of the other partner without terminating the parental rights of the parent. So, theoretically, one member of a same sex partnership could adopt a child as a single parent. Then, the other partner could adopt the same child, essentially making each partner a parent to the child. This process would not work in Florida or Utah. The former forbids adoption by a homosexual, and the latter does not allow adoption by anyone in a cohabiting relationship that is not a legal marriage. Oddly enough, single people may adopt in Utah.

Second parent adoption within same sex partnerships is explicitly permitted in the states of California, Connecticut, Illinois, Massachusetts, New Jersey, New York, Pennsylvania, Vermont and Washington, as well as in Washington, D.C. In the remaining 38 states, however, any laws regarding adoption by same sex couples are ambiguous at best. With the legal status of civil unions and same sex marriages being pushed to the forefront as a social issue, it may only be a matter of time before these ambiguities and obscurities are shaken out.
