Heroes Don't Run Harry Mazer, 2009-10-27 I WANTED TO SERVE, TO BE PART OF THIS THING MY FATHER HAD GIVEN HIS LIFE FOR. I DIDN'T WANT THE WAR TO END, AND ALL I'D BE ABLE TO SAY WAS, NO I DIDN'T SERVE, I WAS RIGHT HERE THE WHOLE WAR, SAFE IN BAKERSFIELD. Adam Pelko witnessed the Japanese attack on Pearl Harbor that killed his father, a lieutenant on the USS Arizona. Even though Adam is underage, he defies his mother's wishes and enlists in the Marines. Sent first to boot camp, then to Okinawa, he experiences the stark reality of war firsthand -- the camaraderie and the glory as well as the grueling regimen, the paralyzing fear, and death. And at every turn, Adam must confront memories of his father. In the concluding volume of his World War II trilogy, Harry Mazer masterfully illustrates Adam's journey as he navigates brutal circumstances that no boy should know.

Snow Bound Harry Mazer, 2008-12-24 At fifteen, Tony Laporte is what many people would call a thoroughly spoiled kid. He gets away with a lot because his parents want him to have all the things they never had. But when they surprise him by refusing to let him keep a stray dog he has found, Tony decides to teach them a lesson by running off in his mother's old Plymouth. Driving without a license in the middle of a severe snowstorm, he picks up a hitchhiker named Cindy Reichert, an aloof girl who has always had difficulty forming friendships. To impress Cindy, Tony tries to show off his driving skills and ends up wrecking the car in a very desolated area far from the main highway. After spending precious days bickering with each other and waiting for rescue that never comes, they finally realize that their lives are at stake and they must cooperate to survive. The question is--can they survive?

Handbook of Social Media Management Mike Friedrichsen, Wolfgang Mühl-Benninghaus, 2013-05-28 Digitization and Web 2.0 have brought about continuous change from traditional media management to new strategic, operative and normative management options. Social media management is on the agenda of every media company, and requires a new set of specialized expertise on digital products and communication. At the same time, social media has become a vibrant field of research for media economists and media management researchers. In this handbook, international experts present a comprehensive account of the latest developments in social media research and management, consistently linking classical media management with social media. The articles discuss new theoretical approaches as well as empirical findings and applications, yielding an interesting overview of interdisciplinary and international approaches. The book's main sections address forms and content of social media; impact and users; management with social media; and a new value chain with social media. The book will serve as a valuable reference work for researchers, students and professionals working in media and public relations.

Run If You Dare Randy Powell, 2006-03-21 A teenager's-eye view of parental desperation What do you do when your dad has a midlife crisis? This is the dilemma of fourteen-year-old Gardner, whose father's been laid off and is now expressing boredom with his life, and even talking to Gardner about leaving the family. Gardner has all along thought he'd like to grow up to emulate his father, whom he has idolized since childhood. But, with this disappointment and possible betrayal haunting his family, Gardner isn't so sure anymore. Eventually, through old and new friendships and a dedicated endeavor to become physically strong, Gardner finds the emotional strength and identity to survive whatever upset may be in store for him and his family's future. In scenes both comical and heartbreaking, Randy Powell demonstrates once more that he is one of the foremost contemporary writers for young adults.

Our History Is the Future Nick Estes, 2024-07-16 Awards: One Book South Dakota Common Read, South Dakota Humanities Council, 2022. PEN Oakland/Josephine Miles Literary Award, PEN America, 2020. One Book One Tribe Book Award, First Nations Development Institute, 2020. Finalist, Stubbendieck Great Plains Distinguished Book Prize, 2019. Shortlist, Brooklyn Public Library Literary Prize, 2019. Our History Is the Future is at once a work of history, a personal story, and a manifesto. Now available in paperback on the fifth anniversary of its original publication, Our History Is the Future features a new afterword by Nick Estes about the rising indigenous campaigns to protect our environment from extractive industries and to shape new ways of relating to one another and the world. In this award-winning book, Estes traces traditions of Indigenous resistance leading to the present campaigns against fossil fuel pipelines, such as the Dakota Access Pipeline Protests, from the days of the Missouri River trading forts through the Indian Wars, the Pick-Sloan dams, the American Indian Movement, and the campaign for Indigenous rights at the United Nations. In 2016, a small protest encampment at the Standing Rock reservation in North Dakota, initially established to block construction of the Dakota Access oil pipeline, grew to be the largest Indigenous protest movement in the twenty-first century, attracting tens of thousands of Indigenous and non-Native allies from around the world. Its slogan “Mni Wiconi”—Water Is Life—was about more than just a pipeline. Water Protectors knew this battle for Native sovereignty had already been fought many times before, and that, even with the encampment gone, their anti-colonial struggle would continue. While a historian by trade, Estes draws on observations from the encampments and from growing up as a citizen of the Oceti Sakowin (the Nation of the Seven Council Fires) and his own family’s rich history of struggle.

Transfigurations Asbjørn Grønstad, 2008 In many senses, viewers have cut their teeth on the violence in American cinema: from Anthony Perkins slashing Janet Leigh in the most infamous of shower scenes; to the 1970s masterpieces of Martin Scorsese, Sam Peckinpah and Francis Ford Coppola; to our present-day undertakings in imagining global annihilations through terrorism, war, and alien grudges. *Transfigurations* brings our cultural obsession with film violence into a renewed dialogue with contemporary theory. Grønstad argues that the use of violence in Hollywood films should be understood semiotically rather than viewed realistically; *Transfigurations* thus alters both our methodology of reading violence in films and the meanings we assign to them, depicting violence not as a self-contained incident, but as a convoluted network of our own cultural ideologies and beliefs.

The Music of Dolphins Karen Hesse, 2016-08-30 “This powerful exploration of how we become human and how the soul endures is a song of beauty and sorrow, haunting and unforgettable.” —School Library Journal (starred review) A Publishers Weekly Best Book of the Year A School Library Journal Best Book of the Year An ALA Best Book for Young Adults A Book Links Best Book of the Year A New York Public Library Children’s Title for Reading and Sharing Mila becomes famous around the world when she is rescued from an unpopulated island off the coast of Florida. Years ago, Mila went missing from a boat crash, and she has been raised by dolphins from the age of four. Researchers teach Mila language and music. But she also learns about rules and expectations, about locked doors and broken promises, disappointment and betrayal. The more Mila finds out about what it means to be human, the more she longs for her home in the ocean . . . “As moving as a sonnet, as eloquently structured as a bell curve, this book poignantly explores the most profound of themes—what it means to be human . . . All together, a frequently dazzling novel.” —Publishers Weekly (starred review) “Her mind and spirit shaped by the dolphins who raised her, a feral child views herself and her human captors from a decidedly unusual angle in this poignant story . . . A probing look at what makes us human, with an unforgettable protagonist.” —Kirkus Reviews “Mila’s rich inner voice makes her a lovely, lyrical character.” —VOYA Magazine

Persuasion: Social Influence, and Compliance Gaining Robert H. Gass, John S. Seiter, 2013-08-01 A comprehensive overview of persuasion theory *Persuasion: Social Influence and Compliance Gaining* first helps students understand established theories and models of persuasion. It then encourages them to develop and apply general conclusions about persuasion in real-world settings. The 5th edition explores how social media continues to be a form of influence, but it also looks at grassroots movements, such as the Tea Party and Occupy Wall Street, and traditional forms of persuasion, such as advertising, marketing, and political campaigning.

A Place at the Altar Meghan J. DiLuzio,2020-04-28 A Place at the Altar illuminates a previously underappreciated dimension of religion in ancient Rome: the role of priestesses in civic cult. Demonstrating that priestesses had a central place in public rituals and institutions, Meghan DiLuzio emphasizes the complex, gender-inclusive nature of Roman priesthood. In ancient Rome, priestly service was a cooperative endeavor, requiring men and women, husbands and wives, and elite Romans and slaves to work together to manage the community's relationship with its gods. Like their male colleagues, priestesses offered sacrifices on behalf of the Roman people, and prayed for the community's well-being. As they carried out their ritual obligations, they were assisted by female cult personnel, many of them slave women. DiLuzio explores the central role of the Vestal Virgins and shows that they occupied just one type of priestly office open to women. Some priestesses, including the flaminica Dialis, the regina sacrorum, and the wives of the curial priests, served as part of priestly couples. Others, such as the priestesses of Ceres and Fortuna Muliebris, were largely autonomous. A Place at the Altar offers a fresh understanding of how the women of ancient Rome played a leading role in public cult.
