

Girls Of Riyadh

Haifaa Al Mansour

Girls of Riyadh Rajā' 'Abd Allāh Ṣāni', 2007 A bold new voice from Saudi Arabia spins a fascinating tale of four young women attempting to navigate the narrow straits between love, desire, fulfillment, and Islamic tradition as the hidden world of today's upper-class Saudi women is revealed by an insider.

Daring to Drive Manal Sharif, 2017-06-13 A memoir by a Saudi Arabian woman who became the unexpected leader of a movement to support women's rights describes how fundamentalism influenced her radical religious beliefs until her education, a job, and legal contradictions changed her perspectives.

Driving by Starlight Anat Deracine, 2018-05-22 Coming of age in a Saudi Arabia where they delight in small acts of rebellion against the Saudi cultural police, from secretly wearing Western clothing and listening to forbidden music to flirting and driving, best friends Leena and Mishie find themselves struggling against cultural restrictions that challenge their ambitions for college and independence.

A Girl Like That Tanaz Bhathena, 2018-02-27 Fascinating and disturbing." —Jodi Picoult, #1 New York Times–bestselling author of *Small Great Things* and *Leaving Time* A timeless exploration of high-stakes romance, self-discovery, and the lengths we go to love and be loved. Sixteen-year-old Zarin Wadia is many things: a bright and vivacious student, an orphan, a risk taker. She's also the kind of girl that parents warn their kids to stay away from: a troublemaker whose many romances are the subject of endless gossip at school. You don't want to get involved with a girl like that, they say. So how is it that eighteen-year-old Porus Dumasia has only ever had eyes for her? And how did Zarin and Porus end up dead in a car together, crashed on the side of a highway in Jeddah, Saudi Arabia? When the religious police arrive on the scene, everything everyone thought they knew about Zarin is questioned. And as her story is pieced together, told through multiple perspectives, it becomes clear that she was far more than just a girl like that. This beautifully written debut novel from Tanaz Bhathena reveals a rich and wonderful new world to readers; tackles complicated issues of race, identity, class, and religion; and paints a portrait of teenage ambition, angst, and alienation that feels both inventive and universal.

The Green Bicycle Haifaa Al Mansour, 2015-09-22 In the vein of *Year of the Dog* and *The Higher Power of Lucky*, this Middle Eastern coming-of-age story is told with warmth, spirit, and a mischievous sense of humor Spunky eleven-year-old Wadjda lives in Riyadh, Saudi Arabia with her parents. She desperately wants a bicycle so that she can race her friend

Abdullah, even though it is considered improper for girls to ride bikes. Wadjda earns money for her dream bike by selling homemade bracelets and mixtapes of banned music to her classmates. But after she's caught, she's forced to turn over a new leaf (sort of), or risk expulsion from school. Still, Wadjda keeps scheming, and with the bicycle so closely in her sights, she will stop at nothing to get what she wants. Set against the shifting social attitudes of the Middle East, *The Green Bicycle* explores gender roles, conformity, and the importance of family, all with wit and irresistible heart.

Girls of Riyadh Rajaa Alsanea, Marilyn Booth, 2008 The tale of four young women university students from Riyadh follows their struggles to navigate the precarious paths between desire, fulfillment, and Islamic tradition while witnessing how the Arab world is being changed by new economic and political realities.

American Chick in Saudi Arabia Jean Sasson, 2012 It all begins with an ad in the newspaper. When Jean Sasson, a young Southern woman living in Jacksonville Beach, Florida, answers a call to work in the royal hospital in Saudi Arabia, what should have been a two-year stay turns into a life-changing adventure spanning over a decade. Over the years Jean is plunged into the hidden lives of the veiled women in Riyadh, where women are locked in luxurious homes and fundamentalist mutawas terrorize the streets. Jean meets women from all walks of life—a feisty bedouin, an educated mother, a conservative wife of a high-ranking Saudi, and a Saudi princess the world knows as Princess Sultana—all who open a window into Saudi culture and help to reshape Jean's worldviews ... the first installment in a heartfelt, inspiring memoir about Jean's thirty-year travels and adventures in Saudi Arabia, Lebanon, Kuwait and Iraq.

A Society of Young Women Amelie Le Renard, 2014-06-25 The cities of Saudi Arabia are among the most gender segregated in the world. In recent years the Saudi government has felt increasing international pressure to offer greater roles for women in society. Implicit in these calls for reform, however, is an assumption that the only real society is male society. Little consideration has been given to the rapidly evolving activities within women's spaces. This book joins young urban women in their daily lives—in the workplace, on the female university campus, at the mall—to show how these women are transforming Saudi cities from within and creating their own urban, professional, consumerist lifestyles. As young Saudi women are emerging as an increasingly visible social group, they are shaping new social norms. Their shared urban spaces offer women the opportunity to shed certain constraints and imagine themselves in new roles. But to feel included in this peer group, women must adhere to new constraints: to be sophisticated, fashionable, feminine, and modern. The position of other women—poor, rural, or non-Saudi women—is increasingly marginalized. While young urban women may embody the image of a reformed Saudi nation, the reform project ultimately remains incomplete, drawing new hierarchies and lines of exclusion among women.

Joyriding in Riyadh Pascal Menoret, 2014-04-21 Why do young Saudis, night after night, joyride and skid cars on Riyadh's avenues? Who are these 'drifters' who defy public order and private property? What drives their revolt? Based on

four years of fieldwork in Riyadh, Pascal Menoret's *Joyriding in Riyadh* explores the social fabric of the city and connects it to Saudi Arabia's recent history. Car drifting emerged after Riyadh was planned, and oil became the main driver of the economy. For young rural migrants, it was a way to reclaim alienating and threatening urban spaces. For the Saudi state, it jeopardized its most basic operations: managing public spaces and enforcing law and order. A police crackdown soon targeted car drifting, feeding a nation-wide moral panic led by religious activists who framed youth culture as a public issue. This book retraces the politicization of Riyadh youth and shows that, far from being a marginal event, car drifting is embedded in the country's social violence and economic inequality.

Our Women on the Ground Zahra Hankir, 2019-08-06 Nineteen Arab women journalists speak out about what it's like to report on their changing homelands in this first-of-its-kind essay collection, with a foreword by CNN chief international correspondent Christiane Amanpour "A stirring, provocative and well-made new anthology . . . that rewrites the hoary rules of the foreign correspondent playbook, deactivating the old clichés." —Dwight Garner, *The New York Times* A growing number of intrepid Arab and Middle Eastern sahafiyat—female journalists—are working tirelessly to shape nuanced narratives about their changing homelands, often risking their lives on the front lines of war. From sexual harassment on the streets of Cairo to the difficulty of traveling without a male relative in Yemen, their challenges are unique—as are their advantages, such as being able to speak candidly with other women at a Syrian medical clinic or with men on Whatsapp who will go on to become ISIS fighters, rebels, or pro-regime soldiers. In *Our Women on the Ground*, nineteen of these women tell us, in their own words, about what it's like to report on conflicts that (quite literally) hit close to home. Their daring and heartfelt stories, told here for the first time, shatter stereotypes about the region's women and provide an urgently needed perspective on a part of the world that is frequently misunderstood. INCLUDING ESSAYS BY: Donna Abu-Nasr, Aida Alami, Hannah Allam, Jane Arraf, Lina Attalah, Nada Bakri, Shamael Elnoor, Zaina Erhaim, Asmaa al-Ghoul, Hind Hassan, Eman Helal, Zeina Karam, Roula Khalaf, Nour Malas, Hwaida Saad, Amira Al-Sharif, Heba Shibani, Lina Sinjab, and Natacha Yazbeck

Veiled Atrocities Sami Alrabaa, 2010-09-09 In the wealthy Saudi oil kingdom there is no such thing as secular law or modern courts. Instead, Saudi princes create the laws, based on Sharia, Islamic law derived from the Koran and Hadith, and the muttawas act as judges, enforcers, and executioners.

Excellent Daughters Katherine Zoepf, 2016-01-12 For more than a decade, Katherine Zoepf has lived in or traveled throughout the Arab world, reporting on the lives of women, whose role in the region has never been more in flux. Only a generation ago, female adolescence as we know it in the West did not exist in the Middle East. There were only children and married women. Today, young Arab women outnumber men in universities, and a few are beginning to face down religious and social tradition in order to live independently, to delay marriage, and to pursue professional goals. Hundreds of

thousands of devout girls and women are attending Qur'anic schools—and using the training to argue for greater rights and freedoms from an Islamic perspective. And, in 2011, young women helped to lead antigovernment protests in the Arab Spring. But their voices have not been heard. Their stories have not been told. In Syria, before its civil war, she documents a complex society in the midst of soul searching about its place in the world and about the role of women. In Lebanon, she documents a country that on the surface is freer than other Arab nations but whose women must balance extreme standards of self-presentation with Islamic codes of virtue. In Abu Dhabi, Zoepf reports on a generation of Arab women who've found freedom in work outside the home. In Saudi Arabia she chronicles driving protests and women entering the retail industry for the first time. In the aftermath of Tahrir Square, she examines the crucial role of women in Egypt's popular uprising. Deeply informed, heartfelt, and urgent, *Excellent Daughters* brings us a new understanding of the changing Arab societies—from 9/11 to Tahrir Square to the rise of ISIS—and gives voice to the remarkable women at the forefront of this change.

A History of Saudi Arabia Madawi al-Rasheed, 2010-04 This new edition covers the political, economic and social developments in Saudi Arabia since 9/11 to the present day.

America's Kingdom Robert Vitalis, 2020-05-05 Now newly updated, *America's Kingdom* debunks the many myths that now surround the United States's special relationship with Saudi Arabia, also known as the deal: oil for security. Exploding the long-established myth that the Arabian American Oil Company, Aramco, made miracles happen in the desert, Robert Vitalis shows how oil led the US government to follow the company to the kingdom, and how oil and Aramco quickly became America's largest single overseas private enterprise. From the establishment in the 1930s of a Jim Crow system in the Dhahran oil camps, to the consolidation of America's Kingdom under the House of Fahd, the royal faction that still rules today, this is a meticulously researched account of Aramco as a microcosm of the colonial order.

A Most Masculine State Madawi Al-Rasheed, 2013-03-15 Women in Saudi Arabia are often described as either victims of patriarchal religion and society or successful survivors of discrimination imposed on them by others. Madawi Al-Rasheed's new book goes beyond these conventional tropes to probe the historical, political and religious forces that have, across the years, delayed and thwarted their emancipation. The book demonstrates how, under the patronage of the state and its religious nationalism, women have become hostage to contradictory political projects that on the one hand demand female piety, and on the other hand encourage modernity. Drawing on state documents, media sources and interviews with women from across Saudi society, the book examines the intersection between gender, religion and politics to explain these contradictions and to show that, despite these restraints, vibrant debates on the question of women are opening up as the struggle for recognition and equality finally gets under way.

Munira's Bottle 瓶瓶 瓶瓶瓶瓶, Yūsuf Muḥaymīd, 2010 In Riyadh, against the events of the second Gulf War and Saddam's invasion of Kuwait, we learn the story of Munira--with the gorgeous eyes--and the unspeakable tragedy she suffers as her

male nemesis wreaks revenge for an insult to his character and manhood. It is also the tale of many other women of Saudi Arabia who pass through the remand center where Munira works, victims and perpetrators of crimes, characters pained and tormented, trapped in cocoons of silence and fear. Munira records their stories on pieces of paper that she folds up and places in the mysterious bottle given to her long ago by her grandmother, a repository for the stories of the dead, that they might live again. This controversial novel looks at many of the issues that characterize the lives of women in modern Saudi society, including magic and envy, honor and revenge, and the strict moral code that dictates male-female interaction. Yousef al-Mohaimed is a rising star in international literature. Munira's *Bottle* is a rich and skillfully crafted story of a dysfunctional Saudi Arabian family. One of its strengths lies in its edgy characters: Munira, a sultry, self-centered, sexually repressed woman; Ibn al-Dahhal, the bold imposter who deceives and betrays her; and Muhammad, her perpetually angry and righteous brother, a catalyst who forces the events. Western readers will welcome it for its opening door into Arab lives and minds.--Annie Proulx Mohaimed writes in a lush style that evokes a writer he cites as an influence, Gabriel Garcia Marquez. [He] takes on some of the most divisive subjects in the Arab world.--Washington Post

Disfigured Rania Al-Baz, 2009 Every morning for the past six years, Rania al-Baz has been the smiling face of a family programme on Saudi television. She was a young, beautiful Saudi TV news presenter — the first woman to have such a job — when her abusive husband beat her into a coma and left her for dead. She remained in a coma for four days and later underwent thirteen operations to reconstruct her face. When she agreed to let horrifying pictures of her ravaged face be made public, her story sparked general criticism of Saudi culture. A month after the tragedy, the first Saudi research into domestic violence began at King Saud University in Riyadh. Rania's story subsequently appeared in the press all over the world. But Rania's memoir is not simply the story of the violence she suffered; nor is it a tale of revenge. She denounces neither Islam nor the traditions of her country, nor even her former husband — only his violence. It is this generosity of spirit that carries her story — about her Saudi Arabian girlhood and adolescence, about her disastrous first marriage, about her public life as a TV journalist, about her life as a mother, about her evolution into an activist on behalf of women. Rania al-Baz had become one of the best known and best loved faces in her home country of Saudi Arabia. She was the presenter of a programme called *The Kingdom this Morning* on state-owned television. She lives in Saudi Arabia.

Women and Words in Saudi Arabia Saddeka Arebi, 1994 This study explores how contemporary Saudi women writers use their writings as a way to gain control over the rules of cultural discourse in their society. The author examines the work of nine influential women writers and presents excerpts of their writings which appear here for the first time in English.

Queens of the Kingdom Nicola Sutcliff, 2019 'Queens of the Kingdom is an effective counterpoint to the popular depiction of Saudi women as oppressed victims. Its subjects have very different views on what life should look like in their country, but all voice a fierce pride in their agency and identity. The book fulfils the desire expressed at one point by

filmmaker Amani, to tell people that [Saudi women] are strong, that they're human..' Times Literary Supplement 'This magnificent book gives the perspective of 30 women in the kingdom. From global activism to marrying strangers in exchange for an education, this is the reality many Saudi women face....Mingled in between the strict rules and closed families are women who are finding their voices and prepared to break barriers for the future.' Sunday Times (South Africa) The Kingdom of Saudi Arabia is one of the most mysterious and secretive societies in modern times and the lives of the women living there is perhaps the most intriguing aspect of all. What do the women of Saudi Arabia really think about their lives? What are their hopes and dreams? To separate fact from fiction, Nicola Sutcliffe spent four years living in the Kingdom, meeting and interviewing women of all ages and from all walks of life. Their stories are presented here and paint a portrait of a country that appears to be on the cusp of change. Meet Hafsa, a Bedouin who gave birth to eleven children in the open desert; Jamila, the first wife in a polygamous household; Aya, a medical student who married a stranger in order pursue her education. Meet these and many others and discover what they think about subjects as diverse as education, driving, the religious police, male guardianship, social media, women's rights, love, marriage, underground parties, under-the-abaya fashion and sexuality. Authentic, eye-opening, inspiring and courageous, this candid collection of essays captures the essence of what it is like to be a woman living in Saudi Arabia today.

In the Land of Invisible Women Qanta Ahmed MD, 2008-09-01 A strikingly honest look into Islamic culture?—in particular women and Islam?—and what it takes for one woman to recreate herself in the land of invisible women. Unexpectedly denied a visa to remain in the United States, Qanta Ahmed, a young British Muslim doctor, becomes an outcast in motion. On a whim, she accepts an exciting position in Saudi Arabia. This is not just a new job; this is a chance at adventure in an exotic land she thinks she understands, a place she hopes she will belong. What she discovers is vastly different. The Kingdom of Saudi Arabia is a world apart, a land of unparalleled contrast. She finds rejection and scorn in the places she believed would most embrace her, but also humor, honesty, loyalty and love. And for Qanta, more than anything, it is a land of opportunity. Very few Islamic books for women give a firsthand account of what it's like to live in a place where Muslim women continue to be oppressed and treated as inferior to men. But if you want to learn more about the Islamic culture in an unflinchingly real way, this book is for you. In this stunningly written book, a Western trained Muslim doctor brings alive what it means for a woman to live in the Saudi Kingdom. I've rarely experienced so vividly the shunning and shaming, racism and anti—Semitism, but the surprise is how Dr. Ahmed also finds tenderness at the tattered edges of extremism, and a life—changing pilgrimage back to her Muslim faith. — Gail Sheehy
