

Tatau A History Of Samoan Tattooing

Sean Mallon

Tatau Jean Tekura Mason, 2001 Jean Tekura Mason's poetry reflects her life as a person living in two worlds - Polynesian and European. Some of her poems are reflective. Others are glib (and deliberately so). There is humour and there is passion - of love and hate, pagan faiths and Christian beliefs, ancestors and dancers, customs and politics, migrants and immigrants, and Pacific flora and fauna - all have stimulated Ms Mason to put pen to paper. At times incisive and descriptive, and at others deeply mooring, this book is a collection of poems which is both retrospective perceptive--Back cover

Tatau Sean Mallon, Sébastien Galliot, 2018-09 A strikingly designed and richly illustrated retelling of the unique history of Samoan tattooing, from 3000 years ago to today. The Samoan Islands are unusual in that tattooing has been continuously practised with indigenous techniques: the design of the full maletattoo, the pe'a has evolved in subtle ways since the nineteenth century, but remains as elaborate, meaningful and powerful as it ever was. This first history of Samoan tatau explores the people, encounters, events and external forces that have defined Samoan tattooing over many centuries. Stunningly illustrated with images of nineteenth and twentieth century and contemporary Samoan tattoos, along with intricate diagrams of designs and motifs, *Tatau* is the definitive guide to this rich and influential living art form.

Tatau: Samoan Tattoo Art Mark Adams, 2009-06-19 Mark Adams' renowned images document a great Polynesian art tradition. Samoan tattooing has flourished among Samoan migrants in New Zealand, stimulated major New Zealand artists, and inspired tattoo artists and communities worldwide. Through Adams' photography, *Tatau* tells the story of Sulu'ape Paulo II, the pre-eminent figure of modern Samoan tattooing. Paulo was a brilliantly innovative and often controversial man, who saw tatau as an art of international importance, and who was killed tragically in 1999. *Tatau* documents his practice, and that of other tufuga ta tatau (tattoo artists), in the contexts of Polynesian tattooing, Samoan migrant communities and New Zealand art. *Tatau* presents 100 full-colour plates of Adams' powerful and moving images. Documentary by nature, they also ask tough questions of this scene and its history. Accompanying the photographs are two essays and two interviews: Sean Mallon writes on the tufuga, Peter Brunt writes on the photographer, and in interviews with Sean Mallon and Nicholas Thomas, Sulu'ape Paulo II and Mark Adams respectively articulate their own understandings of their practices.

Tatau Mark Adams, Sean Mallon, Nicholas Thomas, Peter Brunt, 2023-05-11 When *Tatau* was first published in 2010, Mark Adams' renowned images documenting a great Polynesian art tradition were a revelation. It told the story of the late Suluape

Paulo II, the pre-eminent figure of modern Samoan tattooing. A brilliantly innovative and often controversial man, he saw tatau as an art of international importance. Tatau documented his practice, and that of other tufuga ta tatau (tattoo artists), in the contexts of Polynesian tattooing, Samoan migrant communities and New Zealand art. Long out-of-print, this revised and extended new edition, with its handsome large format and texts by distinguished scholars, makes a cultural treasure available once more.

Covered in Ink Beverly Yuen Thompson, 2015-07-24 Once associated with gang members, criminals, and sailors, tattoos are now mainstream. An estimated twenty percent of all adults have at least one, and women are increasingly getting tattoos and are now more likely than men to have one. But many of the tattoos that women get are gender-appropriate: they are cute, small, and can be easily hidden. A small dolphin on the ankle, a black line on the lower back, a flower on the hip, and a child's name on the shoulder blade are among the popular choices. But what about women who are heavily tattooed? Why would a woman get sleeves? And why do some collect larger-scale tattoos on publicly visible skin, of imagery not typically considered feminine or cute, like skulls, zombies, snakes, or dragons? Drawing on five years of ethnographic research and interviews with more than seventy heavily tattooed women, 'Covered in Ink' provides insight into the increasingly visible subculture of tattooed women. Author Beverly Yuen Thompson spent time in tattoo parlors and at tattoo conventions in order to further understand women's love of ink and their imagery choices as well as their struggle with gender norms, employment discrimination, and family rejection. Still, many of these women feel empowered by their tattoos and believe

they are creating a space for self-expression that also presents a positive body image. 'Covered in Ink' investigates this complicated subculture and finds out the many meanings of the love of ink--Page 4 of cover.

Tattooed Skin and Health J. Serup, N. Kluger, W. Bäuml, 2015-03-26 With about 10-20% of the adult population in Europe being tattooed, there is a strong demand for publications discussing the various issues related to tattooed skin and health. Until now, only a few scientific studies on tattooing have been published. This book discusses different aspects of the various medical risks associated with tattoos, such as allergic reactions from red tattoos, papulo-nodular reactions from black tattoos as well as technical and psycho-social complications, in addition to bacterial and viral infections. Further sections are dedicated to the composition of tattoo inks, and a case is made for the urgent introduction of national and international regulations. Distinguished authors, all specialists in their particular fields, have contributed to this publication which provides a comprehensive view of the health implications associated with tattooing. The book covers a broad range of topics that will be of interest to clinicians and nursing staff, toxicologists and regulators as well as laser surgeons who often face the challenge of having to remove tattoos, professional tattooists and producers of tattoo ink.

New Zealand Tattoo Chris Hoult, Steve Forbes, Carolyn Lagahetau, 2012 Chris Hoult immersed himself in the Kiwi tattoo scene from 2011 and 2012, and brought writer musician Steve Forbes along for the ride. This is a view from the studios of NZ now with profiles of leading tattooists. Includes three rich traditions - Ta moko, Maori tattoo; Tatau, Pacific tattoo and tattoo of Europe and Asia.

The Polynesian Tattoo Today Tricia Allen, 2010 This collection of amazing photos attests to the high level of artistic achievement and technical ability of the Polynesian people today, as well as nonislanders who have been heavily influenced by the art of the Pacific.---Ed Hardy --Book Jacket.

Samoan Art and Artists Sean Mallon, 2002 The book has a broad sweep, covering all facets of the Samoan arts, including canoe and housebuilding, siapo (tapa), weaving, tattooing, oratory, adornment, all forms of performance art, the visual arts and literature--Inside front cover.

Siapo Mary J. Pritchard, 1984 The artistic, cultural and economic functions of siapo in Samoan life prevail today... My little book is a modest contribution to understanding this important aspect of Samoan culture...--Preface.

Ancient Ink Lars Krutak, Aaron Deter-Wolf, 2018-01-08 The human desire to adorn the body is universal and timeless. While specific forms of body decoration and the motivations for them vary by region, culture, and era, all human societies have engaged in practices designed to augment and enhance people's natural appearance. Tattooing, the process of inserting pigment into the skin to create permanent designs and patterns, is one of the most widespread forms of body art and was practiced by ancient cultures throughout the world, with tattoos appearing on human mummies by 3200 BCE. *Ancient Ink*, the first book dedicated to the archaeological study of tattooing, presents new, globe-spanning research examining tattooed

human remains, tattoo tools, and ancient art. Connecting ancient body art traditions to modern culture through Indigenous communities and the work of contemporary tattoo artists, the volume's contributors reveal the antiquity, durability, and significance of body decoration, illuminating how different societies have used their skin to construct their identities.

Tangata O Le Moana Sean Mallon, Kolokesa Mahina-Tuai, Damon Ieremia Salesa, 2012 Aotearoa New Zealand has been shaped by a long and dynamic history with the other islands of the Pacific, their people and their cultures. Today, it is home to the largest population of Pacific Islanders anywhere in the world. The first of its kind, this illustrated history tells the fresh and surprising story of over a thousand years of Pacific peoples in New Zealand - a millennium of exploration, encounter and cultural exchange - from the legendary feats of exploration and migration undertaken by the ancestors of modern Maori to the politically explosive dawn raids of the 1970s to Tana Umaga becoming the first PI captain of the All Blacks. Uniquely, Tangata o le Moana puts the Pacific Island viewpoint at its centre, using all new primary sources and a rich cache of oral history material to tell the stories of our shared past. Across fifteen chapters written by leading historians and writers, every aspect of this history is touched on, from migration to tourism, economics to politics, sport to the arts. The book is lavishly illustrated with hundreds of historical and contemporary photos, archival documents, specially commissioned maps and beautiful images of evocative museum objects. Tangata o le Moana is a rigorously researched, but human and colourful, record of the story of New Zealand as a Pacific place.

Convict Tattoos Simon Barnard, 2016-08-29 At least thirty-seven per cent of male convicts and fifteen per cent of female convicts were tattooed by the time they arrived in the penal colonies, making Australians quite possibly the world's most heavily tattooed English-speaking people of the nineteenth century. Each convict's details, including their tattoos, were recorded when they disembarked, providing an extensive physical account of Australia's convict men and women. Simon Barnard has meticulously combed through those records to reveal a rich pictorial history. Convict Tattoos explores various aspects of tattooing—from the symbolism of tattoo motifs to inking methods, from their use as means of identification and control to expressions of individualism and defiance—providing a fascinating glimpse of the lives of the people behind the records. Simon Barnard was born and grew up in Launceston. He spent a lot of time in the bush as a boy, which led to an interest in Tasmanian history. He is a writer, illustrator and collector of colonial artifacts. He now lives in Melbourne. He won the Eve Pownall Award for Information Books in the 2015 Children's Book Council of Australia's Book of the Year awards for his first book, A-Z of Convicts in Van Diemen's Land. Convict Tattoos is his second book. 'The early years of penal settlement have been recounted many times, yet Convict Tattoos genuinely breaks new ground by examining a common if neglected feature of convict culture found among both male and female prisoners.' Australian 'This niche subject has proved fertile ground for Barnard—who is ink-free—by providing a glimpse into the lives of the people behind the historical records, revealing something of their thoughts, feelings and experiences.' Mercury 'The best thing to happen in Australian tattoo

history since Cook landed. A must-have for any tattoo historian.' Brett Stewart, Australian Tattoo Museum

Filipino Tattoos Lane Wilcken, 2010 Tattooing is a very old and spiritually respected art form that has existed in many different cultures around the world. After many centuries of not being practiced in Europe, tattooing was re-introduced to the Western world through the inhabitants of the Pacific Ocean. Beginning in the 16th century, European explorers came across many people who practiced tattooing as an integral part of their cultures. This is the first serious study of Filipino tattoos, and it considers early accounts from explorers and Spanish-speaking writers. The text presents Filipino cultural practices connected with ancestral and spiritual aspects of tattoo markings, and how they relate to the process and tools used to make the marks. In the Philippine Islands, tattoos were applied to men and women for many different reasons. It became a form of clothing. Certain designs recognized manhood and personal accomplishments as well as attractiveness, fertility, and continuity of the family or village. Facial tattoos occurred on the bravest warriors with names that denoted particular honor. Through the fascinating text and over 200 images, including color photographs and design drawings, the deep meanings and importance of these markings becomes apparent.

Tattoo Traditions of Native North America Lars F. Krutak, 2014 For thousands of years astonishingly rich and diverse forms of tattooing have been produced by the Indigenous peoples of North America. Long neglected by anthropologists and art historians, tattooing was a time-honoured traditional practice that expressed the patterns of tribal social organization and religion, while also channelling worlds inhabited by deities, spirits, and the ancestors. This book explores the many facets of indelible Indigenous body marking across every cultural region of North America. As the first book on the subject, it breaks new ground on one of the least-known mediums of Amerindian expressive culture that nearly disappeared from view in the twentieth century, until it was reborn in recent decades--Page 4 of cover.
