**Locking Up Our Own** James Forman, Jr., 2017-04-18 WINNER OF THE PULITZER PRIZE FOR GENERAL NON-FICTION ONE OF THE NEW YORK TIMES BOOK REVIEWS' 10 BEST BOOKS LONG-LISTED FOR THE NATIONAL BOOK AWARD FINALIST, CURRENT INTEREST CATEGORY, LOS ANGELES TIMES BOOK PRIZES Locking Up Our Own is an engaging, insightful, and provocative reexamination of over-incarceration in the black community. James Forman Jr. carefully exposes the complexities of crime, criminal justice, and race. What he illuminates should not be ignored. —Bryan Stevenson, author of Just Mercy and founder of the Equal Justice Initiative A beautiful book, written so well, that gives us the origins and consequences of where we are . . . I can see why [the Pulitzer prize] was awarded. —Trevor Noah, The Daily Show Former public defender James Forman, Jr. is a leading critic of mass incarceration and its disproportionate impact on people of color. In Locking Up Our Own, he seeks to understand the war on crime that began in the 1970s and why it was supported by many African American leaders in the nation's urban centers. Forman shows us that the first substantial cohort of black mayors, judges, and police chiefs took office amid a surge in crime and drug addiction. Many prominent black officials, including Washington, D.C. mayor Marion Barry and federal prosecutor Eric Holder, feared that the gains of the civil rights movement were being undermined by lawlessness—and thus embraced tough-on-crime measures, including longer sentences and aggressive police tactics. In the face of skyrocketing murder rates and the proliferation of open-air drug markets, they believed they had no choice. But the policies they adopted would have devastating consequences for residents of poor black neighborhoods. A former D.C. public defender, Forman tells riveting stories of politicians, community activists, police officers, defendants, and crime victims. He writes with compassion about individuals trapped in terrible dilemmas—from the men and women he represented in court to officials struggling to respond to a public safety emergency. Locking Up Our Own enriches our understanding of why our society became so punitive and offers important lessons to anyone concerned about the future of race and the criminal justice system in this country.

**Understanding by Design** Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge? How can we determine the big ideas worth understanding? Why is understanding an important teaching goal, and how do we know when students have attained it? How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high-stakes, standards-based environment? Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of *Understanding by Design*. Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998, the authors have greatly revised and expanded their original work to guide educators across the K-16 spectrum in the design of curriculum, assessment, and instruction. With an improved UbD Template at its core, the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks. Readers will learn why the familiar coverage- and activity-based approaches to curriculum design fall short, and how a focus on the six facets of understanding can enrich student learning. With an expanded array of practical strategies, tools, and examples from all subject areas, the book demonstrates how the research-based principles of *Understanding by Design* apply to district frameworks as well as to individual units of curriculum. Combining provocative ideas, thoughtful analysis, and tested approaches, this new edition of *Understanding by Design* offers teacher-designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike.
