Kalimba. 31 Easy-to-Play African Songs Helen Winter, The kalimba or mbira is a traditional and typical African instrument. It consists of metal keys attached by a wooden support structure. Normally, the African mbira has 4-20 keys, but there also exist mbiras with 45 keys. One of the ethnic groups of people of Zimbabwe, the Rosvi, are called Mbira people. Any folk song presupposes dance, but in Africa, dance is impossible to separate from a song. Music and dance accompany African birth, growing up, initiation, marriage, the birth of children, death, as well as most social activity, such as hunting, planting and gathering. Music is often associated in Africa with magic. As the African proverb says: the spirit cannot ascend to heaven without a song. This educational book will help you begin to play music simply and easily. If you are a beginner, playing by notes can be difficult. It is easier to play the finger piano by following numbers. Learn how to play music in a quick and easy

way, without knowledge of reading sheet music. Our sheet music is universal and suitable for any 8-, 10- or 17- note kalimbas and mbiras. Follow the numbers and begin to play! Some melodies might have been changed and simplified to be played in the diatonic range. If your thumb piano has flat keys, it is recommended that you use classic sheet music for the piano. Also, we added a QR code to all songs. You can follow the link and listen to the rhythm before beginning to play. List of 31 African songs for kalimba: Achta ta ta ta ta. The Easiest Songbook for Kalimba. 65 Songs without Musical Notes Helen Winter, We call this series “I don’t read music” since we are targeting beginners of all ages: children, teens, parents, grandparents. Folk music traditionally is not learned from sheet music or notes. Instead, it is learned by repetition and from being passed from generation to generation. We believe in this method of teaching, which is easier and more enjoyable. This songbook includes 65 familiar and easy-to-play songs and melodies. Most songs have been simplified and transposed for one octave. So the songbook is suitable even for a diatonic 8-note kalimba in C-scale, and 10- or 17-note as well. Since this book is aimed at the absolute beginner without any knowledge of reading music, we do not use here the classical music staff and do not show the note duration. You can experiment with the duration on your own. We recommend finding each of these songs on YouTube and listening to the rhythm before beginning to play. Our sheet music is only a guide. The most important thing is to listen and repeat the recordings. If you are a beginner, playing by note can be difficult. It is easier to follow number-coded circles in this songbook. By simply following the numbers, you will sound like an experienced musician. Play Xylophone by Letter Helen Winter, Our sheet music is not for a specific xylophone, but it is universal and suitable for most 8-25 note xylophones. This book is aimed at those new to music and musical instruments, whether child or adult. It allows for simple and easy learning that requires no previous knowledge of reading music. The letter notation makes it possible for you or your kids to confidently begin playing. Our other books make it easy to play the xylophone with colored circle/letter notation. This book, however, includes classic note symbols so that students can begin to learn the reading of musical notes, including a musical notation showing note length, connection, etc. Most songs in this sheet music book can be played within one octave on the xylophone using only 8 notes. Several songs need 1.5 or 2 octaves or a 10-15note xylophone. This percussion instrument develops not only a musical ear, but also gross and fine motor skills, and cognitive skills such as letter recognition, matching, and patterns. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If you have flat keys on your instrument, please use the classic music score for the piano. List of songs adapted for xylophone: Part 1 Skip, Skip, Skip to My Lou Humpty Dumpty My Hat I like to Eat (Apples and Bananas) Cobbler, Mend My Shoe Lost My Gold Ring This Old Man Baby Bumble Bee The Bear Went Over the Mountain Cherry Blossom Ring Around the Rosie Rain, Rain, Go Away A Ram Sam Sam Little Jack Horner It's Raining Au Clair de la Lune Debka Hora My Bonnie House of the Rising Sun Part 2 Understand the importance of musical notation. 3 variants of the ancient French melody Ah! vous dirai-je, maman. Tongue Drum Songbook for Beginner Helen Winter, The steel tongue drum (aka tong drum, tank drum, gluck-o-phone, hapi drum, mandala or lotus drum) and the handpan (aka hank drum, UFO drum, zen drum) are percussion musical instruments designed to help you focus on your feelings, sensations, and body. You don't need classical music training or knowledge of music theory to play them. The main purpose is relaxation, meditation, and traveling through your inner world. No previous training or skills are necessary to enjoy these fascinating instruments. It is impossible to play them incorrectly. Anyone can play them: those who want to develop a good sense of rhythm and an ear for music, those who are seeking relaxation after a hard day at work, those who have always had an interest in learning how to play a musical instrument, and those who want to introduce something unusual into their lives and explore their inner selves. This book is aimed at those who want to add popular melodies to their experimentation. All songs in this book have been written without using the classic music score system, because it is for absolute beginners who cannot read sheet music. We use circles with numbers because most modern tongue drums have numbers engraved or painted on their keys. We do not show the note duration -- we just

group the circles closer to each other to show the rhythms. You can experiment with duration on your own. Because most tongue drums include and are tuned to involve the notes of the main octave, all songs from this book are possible to play in one octave. This book includes very simple, popular children's and folk songs, but even well-known children's songs played on the drum will create an unusual magical sound. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If you have flat keys on your instrument, please use the classic music score for the piano. KALIMBA. Play by Letter Helen Winter, This sheet music book will help you begin to play music simply and easily, with no required knowledge of reading notes. If you are a beginner, playing by notes can be difficult. It is easier to follow letters. Traditional Kalimba Tablature calls Tabs. Each tab should match the number of tines on your kalimba. For example, if your kalimba has 8 tines, you need to search for “8-note kalimba tabs.” Our sheet music is not Tabs and it is not for a specific kalimba, but it is universal and suitable for any 8-17 note kalimbas. Follow the letters... and begin to play! Even if you don't know musical notes, you will confidently be able to play easily using the letter notation! This book might include only letters and it will be enough to begin to play, but we decided to add classic note symbols to help teach them and show musical notation. All songs were adapted especially for the kalimba, which is a diatonic musical instrument and has no flat keys. Most songs will be played within one octave. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If you have flat keys on your instrument, please use the classic music score for the piano. List of songs adapted for kalimba: Part 1 Skip, Skip, Skip to My Lou Humpty Dumpty My Hat I like to Eat (Apples and Bananas) Cobbler, Mend My Shoe Lost My Gold Ring This Old Man Baby Bumble Bee The Bear Went Over the Mountain Cherry Blossom Ring Around the Rosie Rain, Rain, Go Away A Ram Sam Sam Little Jack Horner It's Raining Au Clair de la Lune Debka Hora My Bonnie House of the Rising Sun Part 2 Baa Baa Black Sheep Twinkle, Twinkle, Little Star Alphabet Song.

70 Simple Songs for the 8-Note Tongue Drum. Without Musical Notes Helen Winter, We call this series “I don’t read music” since we are targeting beginners of all ages: children, teens, parents, grandparents. Folk music traditionally is not learned from sheet music or notes. Instead, it is learned by repetition and from being passed from generation to generation. We believe in this method of teaching, which is easier and more enjoyable. All 70 songs in this book have been written without using the classic music score system, because it is for absolute beginner who can not read sheet music. This book is aimed for those who want to add popular melodies to their experimentation. We use circles with numbers because most modern tongue drums have numbers engraved or painted on their keys. We do not show the note duration. You can experiment with a duration on your own. We recommend finding each of these songs on YouTube and listening to the rhythm before beginning to play. Our sheet music is only a guide. The most important thing is to listen and repeat the recordings. All songs from this book are possible to play in one octave. These songs are suitable for a diatonic 8-note tongue drum, which should have numbers 1, 2, 3, 4, 5, 6, 7, and 1 of the next octave. Please note: if you have a model of the tongue drum with 5 tongues, or if some keys from the octave are missing, you will not be able to play all of the songs in this book. The songbook includes very simple, popular children’s and folk songs, but even well-known children's songs played on the tong drum will create an unusual magical sound. Beyond Memory Max Mojapelo, 2008 South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them worthy of preservation. And if one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as

foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the musics of the black communities. *Beyond Memory: Recording the History, Moments and Memories of South African Music* is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of a man, Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a deejay at the South African Broadcasting Corporation. This book - astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries.

33 Traditional Native American Songs for Tongue Drum and Handpan Helen Winter, 2021-05-25 Music is an integral part in the life of the Native Americans, playing a key role in ceremonies, recreational activities, self expression, and healing. Many different instruments are used in Native American music, including drums, flutes, and other percussion instruments. These songs were adapted here for Tongue Drum and Handpan and they are possible to play on most drum models. The steel tongue drum (aka tong drum, tank drum, gluck-o-phone, hapi, or steeldrum) and the handpan (aka hank drum, UFO drum, zen drum, meditation, healing, yoga or chakra drum) are percussion musical instruments designed to help you focus on your feelings, sensations, and body. In musical science, a unique Native American style of singing can be distinguished. It is characterized by rhythmic breathing, a tense voice, and syllabic sounds being more important than lyrics. These technical features helped the shaman achieve a trance state. Although the tongue drum is a modern musical instrument, is perfectly suitable for any tribal songs. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If your drum has flat keys, it is recommended that you use classic sheet music for piano. We write the note numbers above the notes because our sheet music is aimed at absolute beginners. Just follow numbers and enjoy. Here you can find traditional songs, handed down from generation to generation: ceremonial (such as corn grinding or moccasin game songs) or healing songs. Also, we add a QR code to most songs. Follow the link and find this song on YouTube, so that you can listen to the rhythm before beginning to play. For which tongue drum are these songs suitable? Each tongue drum is very different and it is impossible to accommodate songs for all kinds of tongue drums in one book. The songs which have been collected in this book can be played on most drum models. If you have less than 1 octave of keys on your drum, you may need to skip some songs. However, if your drum has many sharp notes, you will need a book that contains chromatic songs. Here, we have collected only simplified diatonic melodies. Contents Ani Couni. Arapaho Song.
