Rethinking the Conceptual Base for New Practical Applications in Information Value and Quality Jamil, George Leal,2013-09-30 Information value and quality can be considered an essential factor to evaluate both conceptual and practical contributions in organizational, technical, and scientific tasks and projects. It is important to effectively observe and implement these concepts in real organizational plans and efforts. Rethinking the Conceptual Base for New Practical Applications in Information Value and Quality discusses the re-evaluation of the conceptual base of information value and quality found in different forms of media; and how these concepts can be analyzed in real applications and business scenarios. This book is a vital reference source for scholars, practitioners, IT specialists, and students interested in information and knowledge management.

Beautiful Security Andy Oram, John Viega, 2009-04-17 Although most people don't give security much attention until their personal or business systems are attacked, this thought-provoking anthology demonstrates that digital security is not only worth thinking about, it's also a fascinating topic. Criminals succeed by exercising enormous creativity, and those defending against them must do the same. *Beautiful Security* explores this challenging subject with insightful essays and analysis on topics that include: The underground economy for personal information: how it works, the relationships among criminals, and some of the new ways they pounce on their prey How social networking, cloud computing, and other popular trends help or hurt our online security How metrics, requirements gathering, design, and law can take security to a higher level The real, little-publicized history of PGP This book includes contributions from: Peiter Mudge Zlatko Jim Stickley Elizabeth Nichols Chenxi Wang Ed Bellis Ben Edelman Phil Zimmermann and Jon Callas Kathy Wang Mark Curphey John McManus James Routh Randy V. Sabett Anton Chuvakin Grant Geyer and Brian Dunphy Peter Wayner Michael Wood and Fernando Francisco All royalties will be donated to the Internet Engineering Task Force (IETF).

Flood Damage Survey and Assessment Daniela Molinari, Scira Menoni, Francesco Ballio, 2017-07-31 Floods can have a devastating impact on life, property and economic resources. However, the systematic collection of damage data in the aftermath of flood events can contribute to future risk mitigation. Such data can support a variety of actions including the identification of priorities for intervention during emergencies, the creation of complete event scenarios to tailor risk mitigation strategies, the definition of victim compensation schemes, and the validation of damage models to feed cost-benefit analysis of mitigation actions. Volume highlights include: Compilation of real world case studies elaborating on the survey experiences and best practices associated with flood damage data collection, storage and analysis, that can help strategize flood risk mitigation in an efficient manner Coverage of different flooding phenomena such as riverine and mountain floods, spatial analysis from local to global scales, and stakeholder perspectives, e.g. public decision makers, researchers, private companies Contributions from leading experts in the field, researchers and practitioners, including civil protection actors working at different spatial and administrative level, insurers, and professionals working in the field of natural hazard risks mitigation *Flood Damage Survey and Assessment: New Insights from Research and Practice* will be a valuable resource for earth scientists, hydrologists, meteorologists, geologists, geographers, civil engineers, insurers, policy makers, and planners. Beyond the Bases Kaylee Ryan,2018-07-20 What happens when you want more in life than just running the bases? You hang out at home plate and stop playing the field. He's sexy and irresistible. I've done my best to ignore the magnetism that flows between us. I don't need complications in my life. I can't get wrapped up in his world, the last thing I need is to get attached to a professional athlete. I don't have time for heartbreak. Something about her pulls me in. I want to get to know her. I want a chance to show her I'm more than just my career, my paycheck. I'm the man for her. I know I am. No matter how much she resists this connection between us. It doesn't change the fact that she's my grand slam.
