The Weapon Wizards

2017-01-31 Yaakov Katz "A lively account of Israel's evolving military prowess...if *The Weapon Wizards* were a novel, it would be one written by Horatio Alger; if it were a biblical allegory, it would be the story of David and Goliath." —The New York Times Book Review From drones to satellites, missile defense systems to cyber warfare, Israel is leading the world when it comes to new technology being deployed on the modern battlefield. *The Weapon Wizards* shows how this tiny nation of 8 million learned to adapt to the changes in warfare and in the defense industry and become the new prototype of a 21st century superpower, not in size, but rather in innovation and efficiency—and as a result of its long war experience. Sitting on the front lines of how wars are fought in the 21st century, Israel has developed in its arms trade new weapons and retrofitted old ones so they remain effective, relevant, and deadly on a constantly-changing battlefield. While other countries begin to prepare for these challenges, they are looking to Israel—and specifically its weapons—for guidance. Israel is, in effect, a laboratory for the rest of the world. How did Israel do it? And what are the military and geopolitical implications of these developments? These are some of the key questions Yaakov Katz and Amir Bohbot address. Drawing on a vast amount of research, and unparalleled access to the Israeli defense establishment, this book is a report directly from the front lines.

Sophie's World

2007-03-20 Jostein Gaarder A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's *Sophie's World* has fired the imagination of readers all over the world, with more than twenty million copies in print. From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

We All Fall Down

2012-10-31 Michael Ryan On the morning of September 11 2001 Pasquale Buzzelli was working on the 64th floor of the North Tower of the World Trade Center. His wife Louise was at home, seven months pregnant with their first child. She was woken that morning by a call from Pasquale who asked her to put on the television as his building was on fire. As Louise watched in horror, the events of 9/11 unfolded over the next few hours. Pasquale called her again and told her he was about to evacuate the building but, just minutes later, Louise watched as the North Tower collapsed with Pasquale still inside. She was sure she had watched her husband and father of her unborn child die in front of her eyes... Pasquale was in the middle of evacuating and reached the stairwell on the 22nd floor when the North Tower collapsed. He remembers thinking "this is how Im going to

die" as he fell with the building. Miraculously, he survived the fall and awoke three hours later perched on a pile of rubble on a concrete slab 4ft by 4ft sticking out over a huge 60ft drop. Eventually, firemen managed to get him down and he was taken to the hospital. Louise was at home being consoled by family and friends, still thinking he was dead, until late that afternoon, when the phone rang, and it was him on the other line! Pasquale was one of only 16 people to have survived the collapse of the North Tower. Although Pasquale escaped with bruising and a fractured foot, virtually unscathed, the mental scars took a lot longer to heal. In the months after 9/11 Pasquale found it hard to come to terms with what happened that he had survived and his friends and colleagues had not. He became distant from his wife and newly born baby as the guilt made it impossible for him to be happy. At the same time Louise was experiencing her own PTSD. As joyous as she was to find out her husband survived, she equally felt pain and sorrow for those whose husbands were not as fortunate. Stories in the press would show widows and babies of men who had died in the attacks. "It is hard to imagine the pain they suffered and the strength they needed to carry out their pregnancy." Louise wrote A Song for Hope (named after their newborn daughter) and the money from the sale of the CD was shared among the widows and their babies born after 9/11. 'We All Fall Down: The True Story of the 9/11 Surfer' is the story of how Pasquale dealt with the horrific events of 9/11, with the PTSD and survivor guilt that followed, and ultimately with his road to recovery. For Pasquale, 9/11 will always be with him and he thinks about it every day but now, 10 years on, he has realised the best way to respect the memory of those who died, he needs to live for his life again ... "I could not control what had happened to me but now I can control how I would lead my life. How I would be the father and husband that my family deserved and to help and respect my fellow man as I was taught to do by my father".

Ally

2015-06-23 Michael B. Oren NEW YORK TIMES BESTSELLER • Includes a new afterword about the Iran nuclear agreement, the 2016 presidential race, and the future of the U.S.-Israel alliance Michael B. Oren's memoir of his time as Israel's ambassador to the United States—a period of transformative change for America and a time of violent upheaval throughout the Middle East—provides a frank, fascinating look inside the special relationship between America and its closest ally in the region. Michael Oren served as the Israeli ambassador to the United States from 2009 to 2013. An American by birth and a historian by training, Oren arrived at his diplomatic post just as Benjamin Netanyahu, Barack Obama, and Hillary Clinton assumed office. During Oren's tenure in office, Israel and America grappled with the Palestinian peace process, the Arab Spring, and existential threats to Israel posed by international terrorism and the Iranian nuclear program. Forged in the Truman administration, America's alliance with Israel was subjected to enormous strains, and its future was questioned by commentators in both countries. On more than one occasion, the friendship's very fabric seemed close to unraveling. Ally is the story of that enduring alliance—and of its divides—written from the perspective of a man who treasures his American identity while proudly serving the Jewish State he has come to call home. No one could have been better suited to strengthen bridges between the United States and Israel than Michael Oren—a man equally at home jumping out of a plane as an Israeli paratrooper and discussing Middle East history on TV's Sunday morning political shows. In the pages of this fast-paced book, Oren interweaves the story of his personal journey with behind-the-scenes accounts of fateful meetings between President Obama and Prime Minister Netanyahu, high-stakes summits with the Palestinian leader Mahmoud Abbas, and diplomatic crises that intensified the controversy surrounding the world's most contested strip of land. A quintessentially American story of a young man who refused to relinquish a dream—irrespective of the obstacles—and an inherently Israeli story about assuming onerous responsibilities, Ally is at once a record, a chronicle, and a confession. And it is a story about love—about someone fortunate enough to love two countries and to represent one to the other. But, above all, this memoir is a testament to an alliance that was and will remain vital for Americans, Israelis, and the world.

Khobar Towers: Tragedy and Response

2008 Perry D. Jamieson This account of the Khobar Towers bombing tells the story of the horrific attack and the magnificent response of airmen doing their duty under nearly impossible circumstances. None of them view their actions as heroic, yet the reader will marvel at their calm professionalism. All of them say it was just their job, but the reader will wonder how they could be so well trained to act almost instinctively to do the right thing at the right time. None of them would see their actions as selfless, yet countless numbers refused medical attention until the more seriously injured got treatment. Throughout this book, the themes of duty, commitment, and devotion to comrades resoundingly underscore the notion that America's brightest, bravest, and best wear her uniforms in service to the nation. This book is more than heroic actions, though, for there is also controversy. Were commanders responsible for not adequately protecting their people? What should one make of the several conflicting investigations following the attack? Dr. Jamieson has not shied away from these difficult questions, and others, but has discussed them and other controversial judgments in a straightforward and dispassionate way that will bring them into focus for everyone. It is clear from this book that there is a larger issue than just the response to the bombing. It is the issue of the example set by America's airmen. Future airmen who read this book will be stronger and will stand on the shoulders of those who suffered and those who made the ultimate sacrifice.

The Library of Babel

2000 Jorge Luis Borges "Not many living artists would be sufficiently brave or inspired to attempt reflecting in art what Borges constructs in words. But the detailed, evocative etchings by Erik Desmazieres provide a perfect counterpoint to the visionary prose. Like Borges, Desmazieres has created his own universe, his own definition of the meaning, topography and geography of the Library of Babel. It Ends with Us

2020-07-28 Colleen Hoover In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

The Only Plane in the Sky

2019-09-10 Garrett M. Graff NEW YORK TIMES BESTSELLER "This is history at its most immediate and moving...A marvelous and memorable book." —Jon Meacham "Remarkable...A priceless civic gift...On page after page, a reader will encounter words that startle, or make him angry, or heartbroken." —The Wall Street Journal "Visceral...I repeatedly cried...This book captures the emotions and unspooling horror of the day." —NPR "Had me turning each page with my heart in my throat...There's been a lot written about 9/11, but nothing like this. I urge you to read it." —Katie Couric The first comprehensive oral history of September 11, 2001—a panoramic narrative woven from the voices of Americans on the front lines of an unprecedented national trauma. Over the past eighteen years, monumental literature has been published about 9/11, from Lawrence Wright's *The Looming Tower*, which traced the rise of al-Qaeda, to The 9/11 Commission Report, the government's definitive factual retrospective of the attacks. But one perspective has been missing up to this point—a 360-degree account of the day told through the voices of the people who experienced it. Now, in *The Only Plane in the Sky*, award-winning journalist and bestselling historian Garrett Graff tells the story of the day as it was lived—in the words of those who lived it. Drawing on never-before-published transcripts, recently declassified documents, original interviews, and oral histories from nearly five hundred government officials, first responders, witnesses, survivors, friends, and family members, Graff paints the most vivid and human portrait of the September 11 attacks yet. Beginning in the predawn hours of airports in the Northeast, we meet the ticket agents who unknowingly usher terrorists onto their flights, and the flight attendants inside the hijacked planes. In New York City, first responders confront a scene of unimaginable horror at the Twin Towers. From a secret bunker underneath the White House, officials watch for incoming planes on radar. Aboard the small number of unarmed fighter jets in the air, pilots make a pact to fly into a hijacked airliner if necessary to bring it down. In the skies above Pennsylvania, civilians aboard United Flight 93 make the ultimate sacrifice in their place. Then, as the day moves forward and flights are grounded nationwide, Air Force One circles the country alone, its passengers isolated and afraid. More than simply a collection of eyewitness testimonies, *The Only Plane in the Sky* is the historic narrative of how ordinary people grappled with extraordinary events in real time: the father and son working in the North Tower, caught on different ends of the impact zone; the firefighter searching for his wife who works at the World Trade Center; the operator of in-flight telephone calls who promises to share a passenger's last words with his family; the beloved FDNY chaplain who bravely performs last rites for the dying, losing his own life when the Towers collapse; and the generals at the Pentagon who break down and weep when they are barred from rushing into the burning building to try to rescue their colleagues. At once a powerful tribute to the courage of everyday Americans and an essential addition to the literature of 9/11, *The Only Plane in the Sky* weaves together the unforgettable personal experiences of the men and women who found themselves caught at the center of an unprecedented human drama. The result is a unique, profound, and searing exploration of humanity on a day that changed the course of history, and all of our lives.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all

proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Talking to Strangers

2019-09-10 Malcolm Gladwell Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

Pedestrian and Evacuation Dynamics

2011-06-29 Richard D. Peacock An aging population, increasing obesity and more people with mobility impairments are bringing new challenges to the management of routine and emergency people movement in many countries. This volume addresses both pedestrian and evacuation dynamics and associated human behavior to provide answers for policy makers, designers, and emergency management to help solve real world problems in this rapidly developing field. Fall and Rise

2019-04-30 Mitchell Zuckoff "Better and more comprehensive than any prior account. . . . Those of us who lived through those days will find the book cathartic; those rising generations who were too young to remember 9/11, or who weren't yet born, will find it revelatory." — John Farmer, senior counsel to the 9/11 Commission and author of *The Ground Truth* "With his rigorous research and moral clarity, Mitchell Zuckoff has provided us with an invaluable service. He has deepened our understanding of what happened on 9/11 and recorded the voices of the victims and the survivors. What's more, he has ensured that we never forget." —David Grann, #1 New York Times bestselling author of *Killers of the Flower Moon* Years in the making, this spellbinding, heartbreaking, and ultimately uplifting narrative is an unforgettable portrait of 9/11. This is a 9/11 book like no other. Masterfully weaving together multiple strands of the events in New York, at the Pentagon, and in Shanksville, Pennsylvania, *Fall and Rise* is a mesmerizing, minute-by-minute account of that terrible day. In the days and months after 9/11, Mitchell Zuckoff, then a reporter for the *Boston Globe*, wrote about the attacks, the victims, and their families. After further years of meticulous reporting, Zuckoff has filled *Fall and Rise* with voices of the lost and the saved. The result is an utterly gripping book, filled with intimate stories of people most affected by the events of that sunny Tuesday in September: an out-of-work actor stuck in an elevator in the North Tower of the World Trade Center; the heroes aboard Flight 93 deciding to take action; a veteran trapped in the inferno in the Pentagon; the fire chief among the first on the scene in sleepy Shanksville; a team of firefighters racing to save an injured woman and themselves; and the men, women, and children flying across country to see loved ones or for work who suddenly faced terrorists bent on murder. *Fall and Rise* will open new avenues of understanding for everyone who thinks they know the story of 9/11, bringing to life—and in some cases, bringing back to life—the extraordinary ordinary people who experienced the worst day in modern American history. Destined to be a classic, *Fall and Rise* will move, shock, inspire, and fill hearts with love and admiration for the human spirit as it triumphs in the face of horrifying events.

We Beat the Street

2006-04-20 Sampson Davis Growing up on the rough streets of Newark, New Jersey, Rameck, George, and Sampson could easily have followed their childhood friends into drug dealing, gangs, and prison. But when a presentation at their school made the three boys aware of the opportunities available to them in the medical and dental professions, they made a pact among themselves that they would become doctors. It took a lot of determination—and a lot of support from one another—but despite all the hardships along the way, the three succeeded. Retold with the help of an award-winning author, this younger adaptation of the adult hit novel *The Pact* is a hard-hitting, powerful, and inspirational book that will speak to young readers everywhere.

The Brief Wondrous Life of Oscar Wao

2008-09-04 Junot Diaz Things have never been easy for Oscar. A ghetto nerd living with his Dominican family in New Jersey, he's sweet but disastrously overweight. He dreams of becoming the next J.R.R. Tolkien and he keeps falling hopelessly in love. Poor Oscar may never get what he wants, thanks to the Fukú - the curse that has haunted his family for generations. With dazzling energy and insight Díaz immerses us in the tumultuous lives of Oscar; his runaway sister Lola; their beautiful mother Belicia; and in the family's uproarious journey from the Dominican Republic to the US and back. Rendered with uncommon warmth and humour, *The Brief Wondrous Life of Oscar Wao* is a literary triumph, that confirms Junot Díaz as one of the most exciting writers of our time.

102 Minutes

2005 Jim Dwyer Of the millions of words written about September 11, 2001, most were told from the outside looking in. "New York Times" reporters Dwyer and Flynn have taken the opposite and far more revealing-approach, capturing the little-known stories of the nearly 12,000 ordinary people who took extraordinary steps to save themselves and others. They tell the dramatic and moving account of the struggle for life inside the World Trade Center on the morning of September 11, when every minute counted. At 8:46 AM on September 11, 2001, 14,000 people were inside the twin towers -- reading e-mails, making trades, eating croissants at Windows on the World. Over the next 102 minutes, each would become part of a drama for the ages, one witnessed only by the people who lived it -- until now. New York Times reporters Jim Dwyer and Kevin Flynn rely on hundreds of interviews; thousands of pages of oral histories; and phone, e-mail, and emergency radio transcripts. They cross a bridge of voices to go inside the infernos, seeing cataclysm and heroism, one person at a time, to tell the affecting, authoritative saga of the men and women -- the 12,000 who escaped and the 2,749 who perished -- who made 102 minutes count as never before.

Blindsight

2006-10-03 Peter Watts Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Last Man Down

2003-05-06 Richard Picciotto A first responder's harrowing account of 9/11—the inspirational true story of an American hero who gave nearly everything for others during one of New York City's darkest hours. On September 11, 2001, FDNY Battalion Chief Richard "Pitch" Picciotto answered the call heard around the world. In minutes, he was at Ground Zero of the worst terrorist attack on American soil, as the Twin Towers of the World Trade Center began to burn—and then to buckle. A veteran of the 1993 bombing of the World Trade Center, Picciotto was eerily familiar with the inside of the North Tower. And it was there that he concentrated his rescue efforts. It was in its smoky stairwells where he heard and felt the South Tower collapse. He made the call for firemen and rescue workers to evacuate, while he stayed behind with a skeleton team of men to help evacuate a group of disabled and infirm civilians. And it was in the rubble of the North Tower where Picciotto found himself buried—for more than four hours after the building's collapse.

Among the Hidden

2002-06-12 Margaret Peterson Haddix In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the *Shadow Children* series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

Stairwell to Heaven

2005-10-11 Earl Johnson *Stairwell to Heaven* is the first book written by a direct survivor of 9-11. It is the story of the immeasurable depth of courage of the human spirit, measured in fact by each upward step of the rescue personnel. If you have ever wondered how it felt to survive, how it looked, how it smelled, how many acts of heroism, sacrifice and kindness were needed and freely given then look no further. This book is part memoir of the living and part memorial to the fallen.

A Taste of Power

2015-05-20 Elaine Brown "Profound, funny ... wild and moving ... heartbreaking accounts of a lonely black childhood.... Brown sees racial oppression in national and global context; every political word she writes pounds home a lesson about commerce, money, racism, communism, you name it ... A glowing achievement." —Los Angeles Times Elaine Brown assumed her role as the first and only female leader of the Black Panther Party with these words: "I have all the guns and all the money. I can withstand challenge from without and from within. Am I right, Comrade?" It was August 1974. From a small Oakland-based cell, the Panthers had grown to become a revolutionary national organization, mobilizing black communities and white supporters across the country—but relentlessly targeted by the police and the FBI, and increasingly riven by violence and strife within. How Brown came to a position of power over this paramilitary, male-dominated organization, and what she did with that power, is a riveting, unsparing account of self-discovery. Brown's story begins with growing up in an impoverished neighborhood in Philadelphia and attending a predominantly white school, where she first sensed what it meant to be black, female, and poor in America. She describes her political awakening during the bohemian years of her adolescence, and her time as a foot soldier for the Panthers, who seemed to hold the promise of redemption. And she tells of her ascent into the upper echelons of Panther leadership: her tumultuous relationship with the charismatic Huey Newton, who would become her lover and her nemesis; her experience with the male power rituals that would sow the seeds of the party's demise; and the scars that she both suffered and inflicted in that era's paradigm-shifting clashes of sex and power. Stunning, lyrical, and acute, this is the indelible testimony of a black woman's battle to define herself.

The Lost Love Collection

2009-12-15 Karen Kingsbury Sometimes hope for the future is found in the ashes of yesterday. *EVEN NOW* A young woman seeking answers to her heart's deepest questions. A man and woman driven apart by lies and years of separation...who have never forgotten each other. With hallmark tenderness and power, Karen Kingsbury weaves a tapestry of lives, losses, love, and faith—and the miracle of resurrection. *EVER AFTER* 2007 Christian Book of the Year Two couples torn apart - one by war between countries, and one by a war within. In this moving sequel to *Even Now*,

Emily Anderson, now twenty, meets the man who changes everything for her: Army reservist Justin Baker. Their tender relationship, founded on a mutual faith in God and nurtured by their trust and love for each other, proves to be a shining inspiration to everyone they know, especially Emily's reunited birth parents. But Lauren and Shane still struggle to move past their opposing beliefs about war, politics, and faith. When tragedy strikes, can they set aside their opposing views so that love—God's love—might win, no matter how great the odds?
