Ebook: Advanced Accounting

2014-10-16 Joe Ben Hoyle The approach used by Hoyle, Schaefer, and Douplik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.

Focusing on the problems of the customers and giving a solution for them, is what a customer demands. A customer does not buy a product; he buys benefits in the form of a product. The real value of the product should be realized and a clear picture of it should be presented to the customer so he will be able to relate with the product. If the advertisement doesn't specify the solution it can provide, the customers will never know of it. So focusing on the customers problem is what some ads miss.

If the advertiser has designed the advertisement and the customer had read the advertisement, all efforts and money invested will be wasted if he doesn't get up and do something about it. It shouldn't be assumed that the customer knows what to do; instead the advertisement should influence the mind of the customer and should tell him what to do. Call of action is the final job of the advertisement. It should call for information, or visiting the store or even visiting the online store. The message should sound confident and clear.
