Good and Mad Rebecca Traister, 2019-09-03 Journalist Rebecca Traister's New York Times bestselling exploration of the

transformative power of female anger and its ability to transcend into a political movement is “a hopeful, maddening compendium of righteous feminine anger, and the good it can do when wielded efficiently—and collectively” (Vanity Fair). Long before Pantsuit Nation, before the Women’s March, and before the #MeToo movement, women’s anger was not only politically catalytic—but politically problematic. The story of female fury and its cultural significance demonstrates its crucial role in women’s slow rise to political power in America, as well as the ways that anger is received when it comes from women as opposed to when it comes from men. “Urgent, enlightened...realistic and compelling...Traister eloquently highlights the challenge of blaming not just forces and systems, but individuals” (The Washington Post). In *Good and Mad*, Traister tracks the history of female anger as political fuel—from suffragettes marching on the White House to office workers vacating their buildings after Clarence Thomas was confirmed to the Supreme Court. Traister explores women’s anger at both men and other women; anger between ideological allies and foes; the varied ways anger is received based on who’s expressing it; and the way women’s collective fury has become transformative political fuel. She deconstructs society’s (and the media’s) condemnation of female emotion (especially rage) and the impact of their resulting repercussions. Highlighting a double standard perpetuated against women by all sexes, and its disastrous, stultifying effect, *Good and Mad* is “perfectly timed and inspiring” (People, Book of the Week). This “admirably rousing narrative” (The Atlantic) offers a glimpse into the galvanizing force of women’s collective anger, which, when harnessed, can change history.

Flappers Judith Mackrell, 2013-05-23 For many young women, the 1920s felt like a promise of liberty. It was a period when they dared to shorten their skirts and shingle their hair, to smoke, drink, take drugs and to claim sexual freedoms. In an era of soaring stock markets, consumer expansion, urbanization and fast travel, women were reimagining both the small detail and the large ambitions of their lives. In *Flappers*, acclaimed biographer Judith Mackrell follows a group of six women - Diana Cooper, Nancy Cunard, Tallulah Bankhead, Zelda Fitzgerald, Josephine Baker and Tamara de Lempicka - who, between them, exemplified the range and daring of that generation's spirit. For them, the pursuit of experience was not just about dancing the Charleston and wearing fashionable clothes. They made themselves prominent among the artists, icons, and heroines of their age, pursuing experience in ways that their mothers could never have imagined, seeking to define what it was to be young and a woman in an age where the smashing of old certainties had thrown the world wide open. Talented,

reckless and wilful, with personalities that transcended their class and background, they re-wrote their destinies in remarkable, entertaining and sometimes tragic ways. And between them they blazed the trail of the New Woman around the world.
